# AFDCS Directory of Current Cachetmakers April 2017 Edition

Compiled by Ron E. Allen

Welcome to the latest edition of the American First Day Cover Society's *Directory of Current Cachetmakers*. Cachetmakers are listed both by their trade names and their real names (with a cross-reference), their regular mail addresses, websites, e-mail addresses, and telephone numbers. The listings also indicate how often a cachet line is produced, what its first FDC was, and for what countries and what topics cacheted FDCs are made.

If you are a cachetmaker not listed in the directory and wish to be included in future editions, please submit your information via the AFDCS website at [afdc.org/cmform.php](http://afdc.org/cmform.php). The submission form can also be accessed from the AFDCS home page by clicking the "Cachetmakers Info" button in the site menu.

If there are errors in or omissions from your listing please contact Ron E. Allen, PO Box 12229, Lexington, KY 40581-2229; phone: (859) 264-1470; e-mail: [cmdirectory@afdc.org](mailto:cmdirectory@afdc.org). You may also submit updates by completing the online cachetmakers information form referenced above.

A special thanks to those cachetmakers who sent a cachet for the AFDCS donation auction. Their contribution will help finance future directories.

For More than 76 Years...

After more than 76 years as the most widely known name in the world of First Day Cover collecting, ArtCraft will no longer be producing cachets. The August family has taken great pride in creating the very finest cachets using professional artists and high quality production methods starting with the 1939 New York World's Fair issue and continuing right through the last issue of 2015, but as is often said "all good things must come to an end."

### *But...*

Washington Stamp Exchange will continue in business producing White Ace stamp albums and supplies including our popular Allsyte First Day Cover albums. We will also continue to manufacture StampMount brand mounts for stamps, covers and souvenir cards.

### *And...*

We will also continue to offer all sorts of interesting items from our extensive inventory through our website and through our monthly mailings. Being in the stamp and cover business for so many years, we've accumulated some really special items including a deep inventory of U.S. and UN stamps, loads of First Flight and Special Event Covers, First Day Ceremony Programs, Autographed photos and covers and - of course - the largest inventory of ArtCraft First Day Covers in the world!

**Exhibitors Take Note: We are the best source for ArtCraft Archival Material! Phone, e-mail, or write us today to be added to our mailing list and begin receiving free monthly mailings of the Washington Bulletin.**
