

Santa and Sleigh

How to Make the Covers:

1. Print pages 2, 3, 4, and 5.
2. Color the house any way you wish. You may use markers, crayons, colored pencils or paint. Do not color a dark background because the cancel won't show.
3. Address each cover and affix a stamp.
4. Cut out the covers on the solid lines.
5. Fold on the dotted lines.
6. Put a small amount of glue on the two side flaps.
7. Step back and admire your masterpieces!

This set of stamps, from 2012, is still available online and at some post offices. You won't be able to get a first-day of issue cancel, though. You can, however, send off for a special Christmas pictorial cancel. Check back here around the first of December and there will be a list of available cancels, along with information on how to send off for them.
